Losses due to fire at oil/gas wells in Tripura

28. SHRI S. S. AHLUWALIA: Will the Minister of PETROLEUM AND CHEMICALS be pleased to state:

(a) whether it is a fact that a devastating fire broke out in the oil|gas wells in Tripura during the exploration by ONGC in February, 1990;

(b) if so, what are the details of loss of life and property in the said fire and the estimated loss of oil|gas as a result thereof; and

(c) what are the details of precautions being taken by ONGC to avert incidence of fire in the oil/gas wells?

THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. S. GURUPADASWAMY): (a) On March 8, 1990, there was an uncontrolled flow of gas and water from Tichna well No. 3 (on Tichna structure in Tripura) during drilling operations (there was no oil in the well). The leakage subsequently resulted in fire in the well on 12th March, 1990 which was controlled on 20th March, 1990. The well was capped on 24th March, 1990.

(b) There has been no loss of life or even major injury to any person. A good number of rig equipments were salvaged. However, some rig equipments have been damaged. The quantum of loss is being assessed.

(c) These are regular safety drills on every drill site to avert such incidents. However, an enquiry is in progress to investigate the causes of the incident and suggest steps to avoid recurrence of such incidents in future.
